INNOVATION & SCIENCE

for a medicine avant-
garde aesthetics

TOSKANIMED is the medical brand of **TOSKANI GLOBAL**, a Barcelona-based pharmaceutical laboratory with more than 40 years of experience and presence in over 70 countries.

We specialise in bio-regenerative aesthetic medicine, developing effective and respectful treatments that boost skin health from within and combining science and innovation to offer advanced solutions in biostimulation, hydration and filler, always with the aim of improving the quality and health of the skin.

WHAT MAKES US DIFFERENT AND SUPPORTS

- **Bio-regeneration for healthyskin from the inside out**
Our formulations activate natural cell regeneration, restoring skin from within and promoting longterm health and vitality.

- **Holistic and effective approach**
We not only treat the signs of ageing, but also improve the health of the skin through the skin health through moisturising, regenerative, protective and agepreventive action.

- **Safe and minimally invasive solutions**
We prioritise safety, with clinically proven, effective and respectful treatments without resorting to aggressive procedures.

Mesosynergy[®]

EyeRevive

Comprehensive rejuvenation
of the eye contour area

Inspired by the Mesosynergy philosophy, **TOSKANIMED** has designed a holistic protocol specifically for the ageing eye contour.

This novel approach combines the epidermal application of **Perfect Glow** eye contour peel, in synergy with our **neopenMED** micropuncture device and our sterile regenerative **Global Eye** Boost Complex solution, designed to address periorbital contour imperfections.

Degreasing Solution

100 ml / 3,38 fl oz

Perfect Glow Eye Contour Peel

3 ml / 0.10 fl oz

👁️ 0,5 per eye
🕒 Zones 1, 2, 3

neopenMED

0,20 mm / 150 Hz
CE-certified 0123
900 perforations/sec.
Tilting head Noiseless
technology

Global Eye Boost complex

3 ml / 0.10 fl oz

Acetyl hexapeptide-1, Acetyl tetrapeptide-5,
Glutathione, Troxerutin

👁️ 0,5 ml per eye
🕒 Zones 1, 2, 3, 4, 5

After Cream

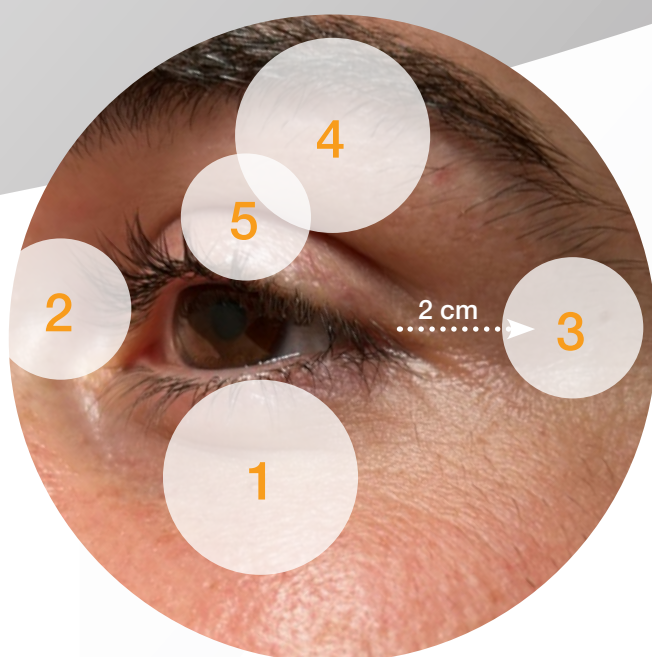

50 ml / 1.69 fl oz

Skin Architect Serum + Skin Architect Cream

30 ml / 1.01 fl oz
50 ml / 1.69 fl oz

rejuvenation of
the periocular area

Holistic approach to signs of fatigue
and ageing in the periorbital area

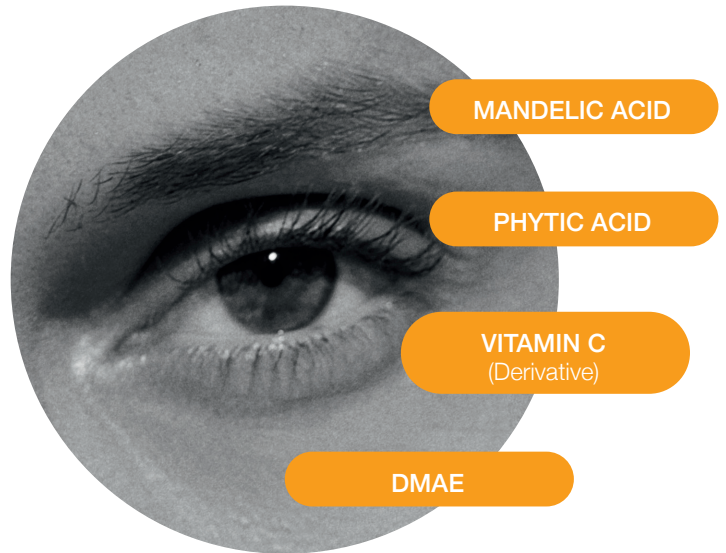

Balanced formulation

Perfect Glow eye contour peel is a dermatological product designed to act in a comprehensive manner on the main needs of the skin. The **Perfect Glow** eye contour peel helps to reduce eye contours, including hyperpigmentation, skin flaccidity, puffiness and irregularities in skin texture.

Its mechanism of action helps to even skin tone and visibly reduce the signs of ageing with clinically proven results.

Effectiveness with maximum skin tolerance

This product is a slow penetrating superficial chemical peel, designed to act gradually and in a controlled manner on the layers of the skin. The outermost layers of the epidermis. This dynamic action allows effective renewal with minimal aggressiveness, maximising tolerance even on sensitive skin. Its precision exfoliation makes it a highly effective option for improving skin radiance and uniformity without compromising skin integrity.

BENEFITS

- **Revitalises the skin, fighting the signs of fatigue and ageing.**
Vitamin C is a powerful antioxidant that protects against oxidative damage and stimulates collagen synthesis. Mandelic and Phytic acids promote cell renewal through gentle chemical exfoliation, reducing fine lines and improving skin texture.
- **Even skin tone, reducing the appearance of blemishes and dark circles under the eyes.**
Phytic Acid helps reduce hyperpigmentation and melanin synthesis. Vitamin C reduces free radical-induced damage, promoting a more luminous and even skin tone.
- **Instantly firms the skin, minimising the appearance of puffiness and sagging.**
DMAE acts on fibroblasts to increase skin tension and improve elasticity. Mandelic Acid and Vitamin C stimulate collagen and elastin formation, strengthening the extracellular matrix and improving skin firmness.
- **Gentle exfoliation, suitable for sensitive skins.**
Mandelic Acid slowly penetrates the skin layers avoiding irritation. Phytic Acid, in addition to exfoliating, acts as an antioxidant and anti-inflammatory, suitable for sensitive skin.

Results using only Perfect Glow

The before and after photos show the results 12 hours after the first session, using only **Perfect Glow** eye contour peel.
