corporate video

MISSION

TOSKANI provides professionals in the aesthetic field with the safest, most effective and premium quality products and treatments.

WHAT MOTIVATES US

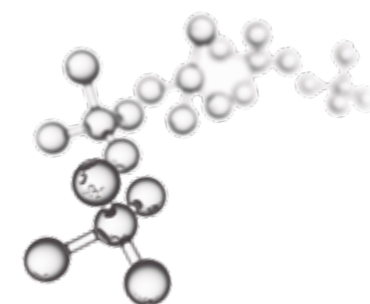

- + **Pharmaceutical quality** in the active ingredients of our products and total quality in all of the company's processes.
- + **Innovation** in formulas designed and developed to achieve comprehensive solutions based on advanced technology active ingredients (biomimetic peptides, transdermal delivery systems, hyaluronic acid).
- + **Effectiveness.** The results of clinical studies conducted over the years support our products.
- + **Safety.** All our products are subjected to the most exhaustive controls so that their application is effective for the beauty professional and safe for the client.
- + **Continuous training and support.** We work to help our collaborators by training and educating professionals with our skin solutions.
- + **Above all, respect** for professionals in the beauty field and their clients.
- + **Sustainability** and care of the environment.

360° TREATMENTS

We offer **360° solutions** in a wide range of facial and body treatments.

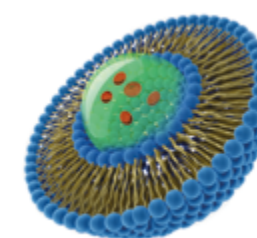

PHASE I	PHASE II	PHASE III
Skin preparation LIPOSOMAL PEELS	Transdermal treatment MESOTHERAPY	Post-treatment COSMETICS NUTRACEUTICALS
SALON TREATMENTS		HOME TREATMENT

PEPTIDES

Peptides are molecules formed by several amino acids. They can perform various fundamental biological functions. Regarding skin benefits, they can help regenerate it at a cellular level, improving its health and appearance.

TOSKANI uses **innovative combinations of peptides** to ensure the skin has a perfect appearance from the inside out.

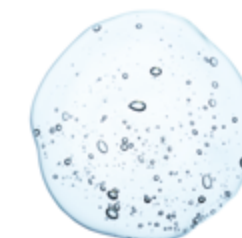

TDS TECH

(Transdermal delivery system)

Our active ingredients penetrate the skin better due to their biomimetic composition and encapsulation technology.

TOSKANI uses **transdermal delivery systems** that protect the active ingredients, releasing them into the target layer of the skin, making them up to 10 times more effective than free active ingredients.

HYALURONIC ACID

Hyaluronic acid is a physiological ingredient that **deeply moisturises** and **stimulates collagen formation**.

TOSKANI uses **top-quality hyaluronic acid** with pharmaceutical biofermentation technology. This ensures the skin looks moisturised and rejuvenated.

HA

Salon skin preparation

Cosmetics and liposomal peels designed to **ensure clean, flawless and rejuvenated skin**. Preparation for an optimal treatment.

3.1 HYGIENE

3.2 EXFOLIATION

HYGIENE

A line of cosmetics that guarantees **clean and flawless skin** before any treatment, aiming to **enhance the absorption of active ingredients**.

ENERGIZING
CLEANSER PRO

400 ml dispenser

Facial cleansing gel with an activating and revitalising action.

- Gently cleanses the complexion and eye contour area
- Improves skin appearance
- Optimises the skin's permeability
- Encourages absorption and a response to cosmetic treatments

Contains

- *Curcuma longa* oil
- *Cinnamomum zeylanicum* oil
- *Zingiber officinale* oil

PURIFYING
CLEANSER PRO

400 ml dispenser

Facial cleansing gel for oily, combination and blemished skin.

- Cleanses and purifies the skin
- Removes impurities and excess sebum blocking the pores and causing spots and blackheads to form

Contains

- Purifying complex
- Lactic acid
- Moisturising complex
- *Hamamelis virginiana* extract
- *Salvia officinalis* extract

BAMBOO
HYDRATONIC

200 ml spray

Hydrating and micro-exfoliating facial toner.

- Eliminates impurities and dead cells
- Soothes the skin
- Provides a powerful moisturising effect
- Tones the skin
- Primes the skin for the application of cosmetics

Contains

- Bamboo water
- Orange and lemon extract
- Aloe vera juice
- *Viccinium myrtillus* extract
- *Saccharum officinarum* extract
- *Acer saccharum* extract
- Glycolic and lactic acids

NUTRITIVE
SCRUB

200 ml tube

Exfoliating and nourishing cream.

- Removes superficial dead cells
- Softens and nourishes dry and/or ageing skin
- Helps to renew the skin
- Provides a brightening effect

Contains

- Rosehip
- Rosehip oil
- Exfoliating particles
- *Vaccinium myrtillus* extract
- *Saccharum officinarum* extract
- Orange and lemon extract
- Vitamin E
- *Acer saccharum* extract

PURIFYING
SCRUB

200 ml tube

Exfoliating and purifying cream.

- Provides a significant improvement in visible signs of acne
- Helps minimise pores
- Eliminates excess oil from the skin
- Removes superficial dead cells

Contains

- Moroccan lava clay
- *Hamamelis virginiana* extract
- Vitamin E

EXFOLIATION

Duosomal Acids is a revolutionary approach to peels, delivering **immediate results without the drawbacks** associated with traditional chemical peels:

- No risk of burns or “frost effect”
- Minimises erythema and dryness

Advantages of Liposomal Peels:

- Suitable for all seasons of the year
- Suitable for all phototypes
- Compliant with cosmetic legislation

Thanks to **DUOSOMAL TECH® technology**, a part of the formula's acid is encapsulated to offer a doubly effective action:

- **Liposomal acid** promotes **renewal in the middle layer of the epidermis**. The more concentrated acid is inside the liposome to **minimise adverse effects** and release it selectively and progressively into the skin
- **Free acid** promotes **gentle renewal in the superficial layer of the skin**

Watch the video

A true revolution
in chemical peels

LACTISOME DUO

Box with 5 pearls x 1 ml

Provides skin renewal and enhances the appearance of sensitive skin.

- Lactic acid, a large-molecule alpha-hydroxy acid, reduces irritant potential, making it the ideal peel for sensitive skin
- Improves the skin's texture, relief and hydration
- Diminishes the appearance of hyperpigmentation, offering a strong anti-photoageing effect

Contains

- Lactic acid

MANDESOME DUO

Box with 5 pearls x 1 ml

Promotes skin renewal and diminishes dark spot intensity.

- Mandelic acid, an alpha-hydroxy acid, is widely used for uneven pigmentation and to improve the appearance of hyperpigmented skin
- It has a keratolytic effect that exfoliates the skin, encouraging a renewing effect in acne-prone skin

Contains

- Mandelic acid

GLYCOSOME DUO

Box with 5 pearls x 1 ml

Promotes skin renewal and reduces signs of ageing.

- Glycolic acid, an alpha hydroxy acid, is capable of releasing the corneocytes and helping to thin the epidermis
- It's a powerful stimulant of collagen synthesis in the dermis, while also dispersing melanin in the basal cells
- These actions reduce the appearance of wrinkles and age spots, meaning it offers a significant anti-ageing action

Contains

- Glycolic acid

SALISOME DUO

Box with 5 pearls x 1 ml

Promotes skin renewal and improves the appearance of oily and acne-prone skin.

- Salicylic acid, a beta-hydroxy acid with excellent keratolytic and comedolytic properties, is especially useful for oily and acne-prone skin
- It has anti-inflammatory and bactericide properties
- It's capable of eliminating dark spots on the surface of the skin, making it very useful in cases of post-inflammatory hyperpigmentation

Contains

- Salicylic acid

Salon treatment

Mesotherapy products for topical use compatible with Mesojectgun delivery.

We offer effective and safe solutions to address skin, facial and body concerns in a fully personalised manner.

4.1 MESOTHERAPY

- MESO STARTER KITS
- ADVANCED
- COCKTAILS
- SINGLE-DOSE

4.2 DEVICE

4.3 DEPIGMENTING KIT

4.4 POST-TREATMENT MASKS

4.5 PROFESSIONAL CREAMS

MESO STARTER KITS

The **Meso Starter Kits** have been designed to provide cosmetic professionals with the **best selection of 5 mesotherapy vials** maximising comfort and ease of use.

We offer 6 types of treatments:

- 01 ANTI-AGEING
- 02 Y-ZONE
- 03 RADIANCE
- 04 INTIMATE
- 05 PURIFYING
- 06 BODY

01 ANTI-AGEING

Professional treatment to correct and reverse signs of ageing.

MESOLIFT COCKTAIL

2 vials x 10 ml

Counteracts the effects of facial ageing and provides a trophic effect that reduces loss of firmness.

- Firming action
- Softens mild and moderate wrinkles

HA

Contains

- Hyaluronic acid
- Sodium DNA
- DMAE
- Organic silicon

NCPR

2 vials x 5 ml

Immediate complete nourishment for facial rejuvenation.

- Deeply moisturises
- Healthy complexion

HA

Contains

- Hyaluronic acid
- Amino acids
- Coenzymes
- Minerals
- Nucleotides
- Vitamins

TKN HA MW 2%

1 vial x 5 ml

Bio-revitalises and provides lasting hydration. Acts on the superficial skin layers.

- Moisturising action
- Firming action

HA

Contains

- Medium molecular weight hyaluronic acid (1.300 -1.500 kDa)

BEFORE

AFTER 1 SESSION*

*Study included as part of a TOSKANI 360° solution treatment

MESO STARTER KITS

02 Y-ZONE

Professional treatment indicated to redefine, reduce in volume and firm the facial oval, neck and décolletage.

SILHOUETTE COCKTAIL

2 vials x 10 ml

Draining effect to sculpt the figure.

- Orange peel skin
- Body sculpting
- Draining solution

FIRMING COCKTAIL

2 vials x 10 ml

Boosts endogenous collagen synthesis and provides a powerful firming effect.

- Firming action
- Photoageing

TKN HA XS 2%

1 vial x 5 ml

Powerful moisturising bio-revitaliser. Acts on the deepest skin layers.

- Moisturising action
- Firming action

HA

Contains

- L-Carnitine
- Caffeine
- *Centella asiatica* extract
- *Cynara scolymus* extract
- *Camellia sinensis* extract
- Organic silicon
- *Ananas sativus* extract

Contains

- Elastin
- DMAE
- Vitamin C

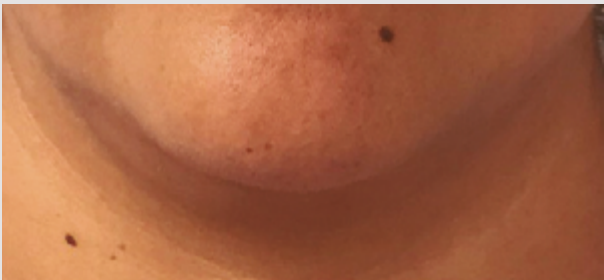

Contains

- Low molecular weight hyaluronic acid (< 100 kDa)

BEFORE

AFTER 7 SESSIONS*

*Study included as part of a TOSKANI 360° solution treatment

MESO STARTER KITS

03 RADIANCE

Professional treatment to reduce skin pigmentation and brighten the complexion.

RADIANCE COCKTAIL

2 vials x 10 ml

Evens and brightens the skin tone.

- Evens skin tone
- Depigmenting action

WCPR

2 vials x 5 ml

Comprehensive corrector and hyperpigmentation regulator.

- Depigmenting action
- Evens skin tone
- Antioxidant action

TKN HA MW 2%

1 vial x 5 ml

Bio-revitalises and provides lasting hydration. Acts on the superficial skin layers.

- Moisturising action
- Firming action

HA

Contains

- Glutathione
- Superoxide dismutase (SOD)
- *Halidrys siliquosa* extract
- Extract of symbiosomes of *Pueraria lobata*
- Folic acid

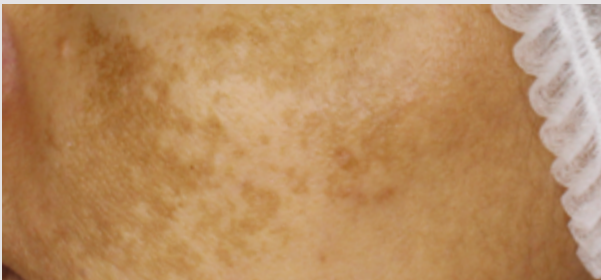

Contains

- *Glycyrrhiza glabra* and *Glycyrrhiza uralensis* extracts
- *Tricholoma matsutake*
- Glutathione
- Peptides
- α-Arbutin
- TRX
- TGP-2
- Vitamins C + B₃

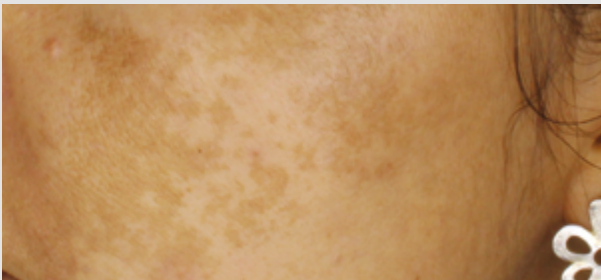

Contains

- Medium molecular weight hyaluronic acid (1.300 -1.500 kDa)

BEFORE

AFTER 1 SESSION*

*Study included as part of a TOSKANI 360° solution treatment

MESO STARTER KITS

04 RADIANCE INTIMATE*1

Professional treatment to rejuvenate, moisturise and reduce excess pigmentation in intimate areas.

RADIANCE COCKTAIL

1 vial x 10 ml

Evens and brightens the skin tone.

- Evens skin tone
- Depigmenting action

RCPR

2 vials x 5 ml

Imperfections corrector and skin relief smoother.

- Moisturising action
- Strong and long-lasting rejuvenating action

WCPR

2 vials x 5 ml

Comprehensive corrector and hyperpigmentation regulator.

- Depigmenting action
- Evens skin tone
- Antioxidant action

HA

Contains

- Glutathione
- Superoxide dismutase (SOD)
- *Halidrys siliquosa* extract
- Extract of symbiosomes of *Pueraria lobata*
- Folic acid

Contains

- Amino acids
- Peptides
- Vitamins
- Coenzymes
- Hyaluronic acid
- Glutathione
- Nucleic acids
- Nucleotides
- Minerals

Contains

- *Glycyrrhiza glabra* and *Glycyrrhiza uralensis* extracts
- *Tricholoma matsutake*
- Glutathione
- Peptides
- α-Arbutin
- TRX
- TGP-2
- Vitamins C + B₃

BEFORE

AFTER 2 SESSIONS*

BEFORE

AFTER 2 SESSIONS*

*1 Available while stocks last

MESO STARTER KITS

05 PURIFYING

Professional treatment to improve the appearance of oily skin prone to acne and post-acne scars.

PURIFYING COCKTAIL

2 vials x 10 ml

Balances sebum secretion and reduces acne lesions.

- Acne and acne-prone skin
- Regulates sebum production

RCPR

3 vials x 5 ml

Imperfections corrector and skin relief smoother.

- Moisturising action
- Strong and long-lasting rejuvenating action

HA

Contains

- *Arctium lappa* extract
- *Salvia officinalis* extract
- *Lamium album* extract
- *Chamomilla recutita* extract
- Glycosaminoglycans
- Panthenol
- Methionine

Contains

- Amino acids
- Peptides
- Vitamins
- Coenzymes
- Hyaluronic acid
- Glutathione
- Nucleic acids
- Nucleotides
- Minerals

BEFORE

AFTER 2 SESSIONS*

*Study included as part of a TOSKANI 360° solution treatment

MESO STARTER KITS

06 BODY

Professional treatment to improve and correct localised fat deposits and cellulite. Prevents the appearance of flaccidity.

LOCALIZED CELLULITE

2 vials x 10 ml

Provides a powerful lipolytic effect and improves microcirculation.

- Localised cellulite

SILHOUETTE COCKTAIL

2 vials x 10 ml

Draining effect to sculpt the figure.

- Orange peel skin
- Body sculpting
- Draining solution

FIRMING COCKTAIL

1 vial x 10 ml

Boosts endogenous collagen synthesis and provides a powerful firming effect.

- Flaccidity
- Photoageing

Contains

- Phosphatidylcholine
- Deoxycholate
- *Hamamelis virginiana* extract
- *Ruscus aculeatus* extract

Contains

- L-Carnitine
- Caffeine
- Organic silicon
- *Centella asiatica* extract
- *Cynara scolymus* extract
- *Camellia sinensis* extract
- *Ananas sativus* extract

Contains

- Elastin
- DMAE
- Vitamin C

BEFORE

AFTER 5 SESSIONS*

*Study included as part of a TOSKANI 360° solution treatment

ADVANCED

Advanced is the mesotherapy line tailored for cosmetic professionals, **intended for topical application and compatible with Mesojectgun**. Its formulations feature a diverse range of innovative active ingredients and biomimetic peptides from biotechnological origin.

NCPR

5 x 5 ml

Immediate complete nourishment for facial rejuvenation.

- Deeply moisturises
- Healthy complexion

HA

Contains

- Hyaluronic acid
- Amino acids
- Coenzymes
- Minerals
- Nucleotides
- Vitamins

ECPR

5 x 5 ml

Intensely rejuvenates the periorcular area.

- Improves crow’s feet
- Reduces dark circles and under-eye bags

HA

Contains

- Palmitoyl tripeptide-1
- Palmitoyl tetrapeptide-7
- Acetyl tetrapeptide-5
- Hyaluronic acid
- Artichoke extract
- *Ginkgo biloba* extract
- Troxerutin
- Organic silicon
- Vitamin C

WCPR

5 x 5 ml

Comprehensive corrector and hyperpigmentation regulator.

- Depigmenting action
- Evens skin tone
- Antioxidant action

HA

Contains

- *Glycyrrhiza glabra* and *Glycyrrhiza uralensis* extracts
- *Tricholoma matsutake*
- Glutathione
- Niacinamide
- Peptides
- α-arbutin
- TRX
- TGP-2
- Vitamins C + B₃

TKN HA MW 2%

5 x 5 ml

Bio-revitalises and provides lasting hydration. Acts on the superficial skin layers.

- Moisturising action
- Firming action

HA

Contains

- Medium molecular weight hyaluronic acid (1.300-1.500 kDa)

TKN HA XS 2%

5 x 5 ml

Powerful moisturising bio-revitaliser. Acts on the deepest skin layers.

- Moisturising action
- Firming action

HA

Contains

- Low molecular weight hyaluronic acid (< 100 kDa)

GLOWCOMPLEX

5 x 5 ml

Restorative and brightening complex.

- Brightening and firming action
- Improves skin tone

HA

Contains

- Vitamins
- Hyaluronic acid
- Amino acids
- Mineral salts
- Sodium DNA
- DMAE
- Organic silicon

COCKTAILS

Ready-to-use mixtures containing the **optimal combination of active ingredients** to easily and efficiently treat specific aesthetic needs.

FACIAL

ANTI-AGEING

5 vials x 10 ml

Intensive anti-ageing solution. Provides a tightening effect and promotes dermal reconstruction.

- Advanced and severe wrinkles
- Flaccidity

MESOLIFT

5 vials x 10 ml

Counteracts the effects of facial ageing and provides a trophic effect to reduce loss of firmness.

- Firming action
- Softens mild and moderate wrinkles

A-OX 360

5 vials x 10 ml

Activates the skin's defence mechanism to prevent environmental damage and photoageing.

- Antioxidant
- Anti-pollution
- Photoageing
- Erythema

PURIFYING

5 vials x 10 ml

Balances sebum secretion and reduces acne lesions.

- Acne and acne-prone skin
- Regulates sebum production

RADIANCE

5 vials x 10 ml

Evens and brightens the skin tone.

- Evens skin tone
- Depigmenting action

HA

Contains

- Hyaluronic acid
- Acetyl hexapeptide-8
- DMAE
- Pyruvate
- L-Carnitine

HA

Contains

- Hyaluronic acid
- Sodium DNA
- DMAE
- Organic silicon

HA

Contains

- GFC5+
- Niacinamide
- Hyaluronic acid
- Vitis vinifera extract
- Saccharide isomerate extract
- Bacillus/Folic acid ferment extract
- Glutathione
- Vitamin C

Contains

- Arctium lappa extract
- Salvia officinalis extract
- Lamium album extract
- Panthenol
- Glycosaminoglycans
- Methionine
- Chamomilla recutita extract

Contains

- Glutathione
- Superoxide dismutase (SOD)
- Halidrys siliquosa extract
- Extract of symbiosomes of Pueraria lobata
- Folic acid

COCKTAILS

BODY

ANTICELLULITE

5 vials x 10 ml

Sculpts the silhouette and provides a lipolytic effect.

- Generalised cellulite

LOCALIZED CELLULITE

5 vials x 10 ml

Provides a powerful lipolytic effect and improves microcirculation.

- Localised cellulite

SILHOUETTE

5 vials x 10 ml

Draining effect to sculpt the figure.

- Orange peel skin
- Body sculpting
- Draining solution

FIRMING

5 vials x 10 ml

Boosts endogenous collagen synthesis and provides a powerful firming effect.

- Firming action
- Photoageing

REGENERATING

5 vials x 10 ml

Regenerates and repairs the skin.

- Stretch marks
- Scars
- Acne scars

Contains

- Caffeine
- Phosphatidylcholine
- Deoxycholate
- *Equisetum arvense* extract
- Artichoke extract

Contains

- Phosphatidylcholine
- Deoxycholate
- *Hamamelis virginiana* extract
- *Ruscus aculeatus* extract

Contains

- L-Carnitine
- Caffeine
- *Centella asiatica* extract
- *Cynara scolymus* extract
- *Camellia sinensis* extract
- Organic silicon
- *Ananas sativus* extract

Contains

- Elastin
- DMAE
- Vitamin C

Contains

- *Centella asiatica* extract
- Organic silicon
- Elastin
- Panthenol
- *Mimosa tenuiflora* extract

SINGLE-DOSE

Mesotherapy products with **high concentrations** of active ingredients, enabling cosmetic professionals to craft their own cocktails by combining them.

ANTI-AGEING

DIMENYL*

20 ampoules x 5 ml

Helps to restore the skin's firmness.

- Flaccidity
- Anti-ageing

DM-SILK

20 ampoules x 5 ml

Improves elastin and collagen synthesis and produces a strong firming effect.

- Advanced flaccidity
- Severe anti-ageing

HYALURON 1, 2, 3.5*

5 vials x 5 ml

Implements a powerful moisturising and anti-ageing effect.

- Hydration
- Biorevitalisation
- Anti-ageing

LUMICEN

20 ampoules x 2 ml

Enhances cell trophism and protects the cells from oxidative stress.

- Anti-ageing
- Revitalisation

LUMICEN GEL

5 vials x 2.5 ml

Enhances cell trophism and protects the cells from oxidative stress.

- Intense anti-ageing
- Intense revitalisation

HA

Contains

- DMAE

Contains

- Organic silicon
- DMAE

Contains

- Hyaluronic Acid 1%, 2%, 3.5%

Contains

- Sodium DNA

Contains

- Sodium DNA^{HP}

* Product available while stocks last

* Product available while stocks last

SINGLE-DOSE
ANTI-AGEING

MYOTEC

20 ampoules x 2 ml

Provides a “Botox-like” effect.

- Intense anti-wrinkle effect

Contains

- Acetyl hexapeptide-8

SILICOR

20 ampoules x 5 ml

Encourages endogenous collagen and elastin synthesis.

- Long-lasting firming action

Contains

- Organic silicon

SINGLE-DOSE
 α -HYDROXY ACIDS / β -HYDROXY ACIDS

GLYCOMAX

20 ampoules x 2 ml

Provides surface exfoliation.

- Exfoliating action
- Anti-ageing

Contains

- Glycolic acid

SALIFORO

5 vials x 5 ml

Provides a superficial peeling effect.

- Exfoliating action
- Keratolytic effect

Contains

- Salicylic acid

SINGLE-DOSE
ANTI-CELLULITE, DRAINING AND VASCULAR

ASIACEN

20 ampoules x 2 ml

Provides a draining effect and stimulates skin repair.

- Draining
- Repairing effect

COFINET

20 ampoules x 2 ml

Exerts a powerful lipolytic effect.

- Cellulite
- Flaccidity

CYNOMAX

20 ampoules x 5 ml

Has a strong draining effect.

- Draining

GYBILON*

20 ampoules x 2 ml

Improves microcirculation thanks to its venotonic properties.

- Cellulite
- Alopecia

LEVOCARNICEL

20 ampoules x 5 ml

Sculpts the silhouette and provides a lipolytic effect.

- Lipolytic action
- Invigorating

Contains

- *Centella asiatica* extract
- *Fucus vesiculosus* extract
- *Hedera helix* extract

Contains

- Caffeine

Contains

- Artichoke extract

Contains

- *Ginkgo biloba* extract

Contains

- L-Carnitine

* Product available while stocks last

SINGLE-DOSE
ANTI-CELLULITE, DRAINING AND VASCULAR

PHOSPHOCOL

20 ampoules x 5 ml

Exerts a lipolytic effect on localised cellulite.

- Intense lipolytic

PIRASTINOL

20 ampoules x 2 ml

Has a powerful firming effect.

- Strong firming action

RUTINEL

20 ampoules x 2 ml

Improves microcirculation, enhancing the capillary vessels' resistance.

- Invigorates the skin
- Skin resistance

Contains

- Phosphatidylcholine
- Sodium deoxycholate

Contains

- Sodium pyruvate

Contains

- Coumarin
- Troxerutin

SINGLE-DOSE
VITAMINS

ASCORMAX

5 vials x 5 ml

Prevents and repairs the effects of photoageing.

- Antioxidant effect

Contains

- Ascorbic acid

B-HIDROXIN

20 ampoules x 2 ml

Keeps the hair in good condition.

- Hair-strengthening action

Contains

- Biotin

CUDENOX*

5 vials x 5 ml

Improves the appearance of wrinkles and acne lesions.

- Evens the skin relief
- Acne-prone skin

Contains

- Retinol 300 000 IU
- Vitamin C

* Product available while stocks last

SINGLE-DOSE
VITAMINS

DEXANYL

20 ampoules x 5 ml

Boosts cell regeneration.

- Repairing action
- Soothing action

Contains

- Panthenol (ProVit B₅)

GLUTAMAX C

5 vials x 5 ml

Helps to protect the cells from oxidative stress.

- Intense antioxidant effect

Contains

- Glutathione
- Vitamin C

POLIVITAMIN BCAA

5 vials x 5 ml

Provides a strong antioxidant effect and improves the skin's appearance.

- Multivitamins
- Revitalising action

Contains

- Vitamins A, E, C
- Vitamin B complex

DEVICE

Equipment to encourage mesotherapy product penetration.

Watch the Mesoprojectgun video

MESOJECTGUN

Mesoprojectgun is TOSKANI's mesotherapy device that significantly improves the transdermal delivery of active ingredients into the skin without causing pain.

It's the preferred tool for beauty professionals conducting transdermal administration of active ingredients in the salon environment. This needle-free device is user-friendly, lightweight and suitable for a broad range of treatments on the face, body and scalp.

Advantages

Safe device

Operates at **low voltage**, ensuring **total safety without risks** of altering the skin.

Painless

Needle-free.

Easy to use

Lightweight, ergonomic design.
Touchscreen interface.
Simply connect and use.

Effective results

Facilitates the entry of **active ingredients at greater depth** with controlled and uniform application.

Diverse treatment options

Performs treatments for the face, body and scalp with a single device.

Beyond advanced aesthetics

Mesoprojectgun comes with two microchips to meet specific needs:

MESOSKIN / 25 channels
Especially designed for **facial** and **body** treatments

MESOHAIR / 22 channels
Especially designed for **hair** treatments

DEPIGMENTING KIT

Spot Out Kit Plus is a depigmenting procedure **designed to reduce melanin-induced skin spots**, even out skin tone and restore skin luminosity.

For skin with:

- Hyperpigmentation
- Photoageing
- Chloasma and melasma
- Acne-related problems

Action:

- Reduces and eliminates dark spots
- Restores the skin's even tone
- Brightens

SPOT OUT KIT PLUS PROFESSIONAL USE

DEGREASING SOLUTION

10 ml vial

Degreasing solution to remove excess oil and impurities from sebum secretion.

PRE-PROCEDURE SOLUTION

10 ml vial

Gentle cleaning and exfoliation solution that eliminates dead cells and impurities.

SPOT OUT MASK

15 g pot

Professional mask.

SPOT OUT KIT PLUS HOME USE

SPOT OUT CREAM

50 ml airless tube

Post-treatment cream.

TOTAL RECOVERY CREAM

50 ml airless tube

Regenerating cream for damaged skin and after-care.

Contains

- Azelaic acid
- Salicylic acid

Contains

- Salicylic acid
- α-Arbutin
- Hexylresorcinol
- Phytic acid
- Niacinamide
- Bisabolol
- Vitamins A, C and E

Contains

- α-Arbutin
- Phytic acid
- Hexylresorcinol
- Vitamins C, A and E
- Citric acid
- Salicylic acid
- Lactic acid
- *Glycyrrhiza glabra* extract
- Natural moisturising factor
- Extract of symbiosomes of *Pueraria lobata*
- *Halidrys siliquosa* extract

Contains

- Acetyl dipeptide-3 aminohexanoate
- Diaminopropionic tripeptide-33
- Acetyl hexapeptide-46
- Allantoin
- Tocopherol
- Betaine
- Bisabolol
- Resveratrol

POST-TREATMENT MASKS

Alginates designed for concluding beauty protocols in the salon.

Specifically designed masks for each treatment (anti-ageing, anti-pollution, anti-acne, depigmenting, etc.).

ANTI-AGEING

30 g

Mask with a base comprising a spirulina and laminaria algae marine complex that **revitalises the skin and slows the ageing process**.

Ideal for concluding beauty programmes for mature and/or ageing skin.

- Stimulates cell renewal
- Reduces wrinkles
- Promotes collagen formation

Contains

- Spirulina
- Laminaria algae

ANTI-POLLUTION

30 g

Highly purifying mask featuring algae. **Eliminates highly polluting particles, toxins and impurities** settled on the skin.

Ideal for concluding beauty programmes on skin exposed to environmental pollutants.

- Cleanses the skin of fine particles
- Prevents premature ageing
- Strengthens the skin barrier
- Improves hydration

Contains

- Chlorella algae extract
- Charcoal
- White clay
- White ginseng extract

PURIFYING

30 g

Purifying, sebum-regulating mask with **excellent properties** for acne-prone skin.

Ideal for finishing off beauty procedures performed on acne-prone skin.

- Deeply cleanses and purifies the skin
- Regulates sebum production
- Reduces post-acne marks
- Refreshes and tones the skin

Contains

- *Arctium lappa* extract
- *Maris limus* extract
- Melaleuca alternifolia oil
- Menthol

POST-TREATMENT MASKS

RADIANCE

30 g

Alginate mask that inhibits melanin formation and **prevents the appearance of dark spots.**

Ideal for concluding beauty programmes on skin with dark spots.

- Antioxidant effect. Helps neutralise free radicals
- Inhibits melanin formation
- Moisturising and firming properties

Contains

- Saxifraga sarmentosa extract
- Vitis vinifera oil
- *Morus alba* extract

VITAMIN BURST

30 g

Decongestant and soothing mask that, thanks to its revitalising components, helps restore the **natural radiance of the skin.**

Vitamin Burst peel-off mask, enriched with minerals and vitamins, revitalises tired skin, restoring glow and firmness.

Ideal for concluding beauty programmes on oxidised or ageing skin.

- Revitalises tired skin, providing brightness
- Antioxidant effect. Helps neutralise free radicals

Contains

- *Malpighia puniceifolia* (Acerola) extract

SLIMMING BODY

50 g

A body mask based on a marine complex of alginates. **Smooths, softens and firms the skin.**

Ideal for concluding body sculpting beauty programmes.

- Sculpts the silhouette
- Provides a soothing and refreshing action

Contains

- Laminaria algae
- Horsetail leaf extract
- Guarana seed extract
- Rosemary leaf oil extract

POST-TREATMENT CREAMS

A range of **professional cosmetics** to moisturise, regenerate and protect the skin from sun damage.

ANTISTRESS MASK

200 ml tube

Nourishing, soothing and refreshing cream for reactive skin.

- Refreshes and soothes
- Nourishes and moisturises
- Aids skin regeneration

Contains

- Aloe vera
- Olive oil
- *Calendula officinalis* extract
- *Chamomilla* extract
- Menthol

TOTAL RECOVERY GEL PRO

400 ml dispenser

Repairing, moisturising and soothing gel with aloe vera.

- Gel rich in Aloe Vera
- Accelerates the regeneration of irritated and damaged skin
- Recommended for treating sensitive and oily skin

Contains

- Aloe vera
- Collagen
- Plant tightening agent
- Hydrolysed wheat protein
- Shea butter
- *Mimosa tenuiflora* extract
- Elastin

SUN PROTECTION CREAM PRO

200 ml tube

Cream with high SPF50+ sun protection, an essential after a facial treatment.

- Intensive and complete photoprotection against UVB rays
- Maintains the skin's hydration levels

Contains

- UVB filters
- Shea butter
- Vitamin E

Home treatment

Pharmaceutical-grade cosmetics featuring the most innovative and effective active ingredients, aligning with the treatments performed in the salon.

5.1 **HYGIENE**

5.2 **EXFOLIATION**

5.3 **FACIAL CARE**

5.4 **BODY CARE**

5.5 **NUTRACEUTICALS**

HYGIENE

A line of cosmetics that ensures **clean and flawless skin** before any treatment, aiming to **enhance the absorption of active ingredients**.

ENERGIZING
CLEANSER

200 ml dispenser

Facial cleansing gel with an activating and revitalising action.

- Gently cleanses the complexion and eye contour area
- Improves skin appearance
- Optimises the skin's permeability
- Encourages absorption and a response to cosmetic treatments

Contains

- *Curcuma longa* oil
- *Cinnamomum zeylanicum* oil
- *Zingiber officinale* oil

PURIFYING
CLEANSER

200 ml dispenser

Facial cleansing gel for oily, combination and blemished skin.

- Cleanses and purifies the skin
- Removes impurities and excess sebum blocking the pores and causing spots and blackheads to form

Contains

- Purifying complex
- Lactic acid
- Moisturising complex
- *Hamamelis virginiana* extract
- *Salvia officinalis* extract

BAMBOO
HYDRATONIC

200 ml spray

Hydrating and micro-exfoliating facial toner.

- Eliminates impurities and dead cells
- Soothes the skin
- Provides a powerful moisturising effect
- Tones the skin
- Primes the skin for the application of cosmetics

Contains

- Bamboo water
- Orange and lemon extract
- Aloe vera juice
- *Vaccinium myrtillus* extract
- *Saccharum officinarum* extract
- *Acer saccharum* extract
- Glycolic and lactic acids

NUTRITIVE
SCRUB

200 ml tube

Exfoliating and nourishing cream.

- Removes superficial dead cells
- Softens and nourishes dry and/or ageing skin
- Helps to renew the skin
- Provides a brightening effect

Contains

- Rosehip
- Rosehip oil
- Exfoliating particles
- *Vaccinium myrtillus* extract
- *Saccharum officinarum* extract
- Orange and lemon extract
- Vitamin E
- *Acer saccharum* extract

PURIFYING
SCRUB

200 ml tube

Exfoliating and purifying cream.

- Provides a significant improvement in visible signs of acne
- Helps minimise pores
- Eliminates excess oil from the skin
- Removes superficial dead cells

Contains

- Moroccan lava clay
- *Hamamelis virginiana* extract
- Vitamin E

EXFOLIATION

A range of gels designed to **stimulate cell renewal** and enhance the effects of chemical peels and duosomal treatments.

CLARIFYING PEEL BOOSTER

30 ml airless tube

Gel targeting dark spots.

- Slows melanogenesis
- Reduces pigmentation alterations
- Improves collagen and elastin synthesis

Contains

- Glycolic acid 20%
- Phytic acid 2%

IMPERFECTION PEEL BOOSTER

30 ml airless tube

Gel targeting imperfections.

- Activates collagen and elastin synthesis
- Reduces pore size and acne-related blemishes
- Evens the skin relief

Contains

- Glycolic acid 10%
- Salicylic acid 2%

RETISEAL PEEL BOOSTER

15 ml tube

Gel targeting photoageing.

- Activates collagen and elastin synthesis
- Reduces the depth of wrinkles
- Has a powerful antioxidant effect

Contains

- Retinol 1%
- Vitamin E
- Prebiotic

FACIAL CARE

Facial cosmetics designed for **continuing** treatments initiated in the salon at home: anti-ageing, depigmenting, anti-acne...

ANTI-AGEING

For skin showing signs of ageing.

ANTI-AGEING + HA AMPOULE

15 ampoules x 2 ml

A unique cocktail with anti-wrinkle and anti-fatigue effects, providing brightness and hydration benefits.

- For ageing skin with wrinkles
- Diminishes the appearance of expression lines and wrinkles, prevents them from appearing and provides immediate, long-lasting hydration

Contains

- Probiotics
- Peptides
- Growth factors
- Hyaluronic acid

VITAFLASH AMPOULE

5 ampoules x 2 ml

Topical ampoule with an instant lifting effect and high antioxidant power.

- For dull skin in need of a flash effect for special occasions
- Evens out skin texture and luminosity
- Softens expression lines
- Gives a youthful and rested appearance

Contains

GLACIER PRO AGE ADVANCED SERUM

30 ml

A light serum that provides a sensation of freshness after application. Suitable for young or dehydrated skin.

- Maximum hydration
- Helps to prevent the first signs of ageing
- Strengthens the skin barrier
- Enhances luminosity

Contains

- Glacier thermal water
- Pseudoalteromona ferment extract
- Niacinamide
- Vitamin C derivative
- Cocktail of moisturising active ingredients

Watch the video

GLACIER PRO AGE ADVANCED CREAM

50 ml

A light cream that provides a fresh finish and excellent spreadability and absorption. Suitable for young or dehydrated skin.

- 24-hour hydration
- Helps to prevent the first signs of ageing
- Strengthens the skin barrier
- Enhances luminosity

Contains

- Glacier thermal water
- Liposomal hyaluronic acid and Kaempferol
- Ceramide with pH-sensor technology
- Cocktail of moisturising active ingredients

ANTI-AGEING FACIAL CARE

Watch the video

RETIN PRO AGE ADVANCED SERUM

30 ml

Light serum composed of a plant-based retinol-like complex and liposomal retinal, designed to help minimise signs of ageing. Suitable for skin with biological ages between 30 and 45 years.

- Anti-wrinkle
- Smoothing effect (anti-imperfections)
- Evens skin tone
- Tightening effect

Watch the video

RETIN PRO AGE ADVANCED CREAM

50 ml

Cream formulated with a complex of retinol and plant-based retinol-like derivatives, designed to help minimise signs of ageing. Suitable for skin with biological ages between 30 and 45 years.

- Anti-wrinkle
- Smoothing effect (anti-imperfections)
- Evens skin tone
- Tightening effect

Watch the video

UNIQUE PRO AGE ADVANCED SERUM

30 ml

Nourishing serum with a fluid and silky texture. Contains a powerful anti-ageing complex formulated especially for mature skin.

- Anti-wrinkle
- Redensifying action
- Lifting effect
- Firming effect on the Y-zone
- Luxurious and silky moisturising treatment

Watch the video

UNIQUE PRO AGE ADVANCED CREAM

50 ml

Nourishing and easily absorbed cream. Contains a powerful active anti-ageing complex formulated especially for mature skin.

- Anti-wrinkle
- Redensifying action
- Lifting effect
- Firming effect on the Y-zone
- Luxurious and silky moisturising treatment

Watch the video

NIGHT REVERSE ADVANCED SERUM

30 ml dropper

Restorative concentrate to resynchronise the skin.

- Contains TRC (*Total Restoring Complex*), which accelerates the repair of UV-induced damage, regulates cellular rhythms and renews the skin

Watch the video

NIGHT REVERSE INTENSIVE CREAM & MASK

50 ml pot

Renewing cream-mask to de-stress the skin.

- Contains SRC (*Skin Reset Complex*), which prevents premature ageing and dehydration

Contains

- Liposomal retinal
- Retinol-like peptide
- Bakuchiol
- Tara and red algae plant extract

Contains

- Compound synthesised from hyaluronic acid and retinoic acid
- Retinol-like peptide
- Tara and red algae plant extract
- Plant-based collagen-like ingredient

Contains

- Mannose-6-phosphate
- Plant collagen fragment
- Bacuri butter
- Cellular oil

Contains

- Mannose-6-phosphate
- GABA
- 4D Hyaluronic acid
- Polyglutamic acid
- Bacuri butter
- Combination of nourishing oils

Contains

- *Auxenochlorella protothecoides* algae extract
- Tetrapeptide-26
- *Byfida ferment lysate* probiotic

Contains

- Turmeric stem cells
- Hydrating complex with hyaluronic acid
- *Lactococcus lactis lysate* probiotic

DEPIGMENTING FACIAL CARE

For skin showing signs of photoageing.

RADIANCE AMPOULE

15 ampoules x 2 ml

Topical ampoule for skin with photoageing and an uneven tone.

- Brightens and evens the skin tone, preventing dehydration, a loss of brightness, flaccidity and the appearance of dark spots
- Intensive treatment containing a state-of-the-art brightening complex that can penetrate and release five different active ingredients in specific layers of the skin without damaging it

Contains

- EBC (Encapsulated Brightening Complex)
- Azeloglycine
- Bisabolol
- Phytic acid
- Vitamins B₃ and C

RADIANCE ULTIMATE MESOSERUM

30 ml glass jar with dropper

Depigmenting serum with an innovative formulation featuring the EBC depigmenting liposomal complex and a combination of active ingredients.

- Dull and dehydrated skin
- Dark spots caused by the sun or scarring
- Photoaged skin
- Irregular pigmentation

Contains

- Phytic acid
- α-Bisabolol
- Azeloglycine
- Aspergillus ferment
- Niacinamide
- Lactic acid
- Tranexamic acid
- Kojic acid
- Vitamin C

RADIANCE DAILY CREAM

50 ml airless tube

Daily-use cream for photoaged skin with sunspots, a dull complexion and dehydration.

- Dark spots
- Irregular pigmentation
- Prevents dehydration, loss of radiance, flaccidity and the appearance of wrinkles and imperfections

Contains

- Liquorice extract
- Kojic acid
- Vitamin C
- Azelaic acid
- Niacinamide
- Resorcinol
- Diacetyl boldine
- Retinol

RADIANCE EYE CONTOUR

15 ml tube

Gel to reduce under-eye bags and dark circles. Aids in drainage and microcirculation in the eye contour area and eyelids.

- Boosts firmness and tone of the eye contour
- Improves the appearance of deep wrinkles as well as skin tone and texture
- Stimulates cell regeneration and collagen synthesis
- Prevents swelling and reduces under-eye bags

Contains

- Unique blend of Peptides
- Vitamin K
- *Aesculus hippocastanum* extract
- Ginkgo biloba extract
- Flavonoids
- Retinol

ANTI-ACNE FACIAL CARE

For oily and acne-prone skin.

PURIFYING AMPOULE

15 ampoules x 2 ml

Purifying topical ampoule for intensive daily treatment.

- Contains ingredients that help to rebalance the skin's lipid layer, preventing the appearance of blemishes
- Regulates sebum production by helping to close the pores and achieve a smooth, matte complexion

Contains

- *Cleome gynandra* extract
- *Rhodorus marinus* extract
- Vitamins B₅, C and E
- Zinc PCA

PURIFYING INTENSIVE SERUM

15 ml tube

Drying antibacterial gel.

- Effective against comedones and blemishes
- Suitable for localised treatment of spots

Contains

- Purifying complex
- Salicylic acid

PURIFYING CREAM

50 ml airless tube

Cream to moisturise and balance oily skin.

- Reduces inflammation, decreases bacteria, regulates sebum production and combats free radicals
- Provides gentle exfoliation while maintaining the required level of hydration

Contains

- *Hamamelis virginiana* extract
- Purifying active ingredients
- Purifying complex
- *Rhodorus marinus* extract
- *Cleome gynandra*
- Zinc PCA
- Lactic acid
- Salicylic acid

REPAIRING AND PROTECTIVE FACIAL CARE

LIPO-PROTEOGLYCANS AMPOULE

15 ampoules x 2 ml

Topical ampoule that provides intensive repair and improves collagen production.

- Intensive treatment with liposomal proteoglycans of natural origin that deeply moisturises the skin and provides lifting properties
- Encourages collagen production, reducing wrinkles and skin spots

Contains

- Proteoglycans
- Vitamins C, E, A and F

SENSITIVE SKIN AMPOULE

15 ampoules x 2 ml

Topical ampoule with specific active ingredients to soothe, moisturise and strengthen the skin barrier of sensitive skin.

- Intensive treatment enriched with natural extracts whose properties result in exceptionally soothed, relaxed skin
- Rehydrates and revitalises the skin's natural barrier, reducing skin sensitivity

Contains

- Biosaccharide Gum-2
- *Myrothamnus flabellifolia* extract
- *Rhodorus marinus* extract
- Vitamins B5 and C

REPAIRING AND PROTECTIVE FACIAL CARE

**TOTAL RECOVERY CREAM**

50 ml airless tube

Cream with nourishing and antioxidant effects designed to stimulate skin regeneration and improve the appearance of damaged skin.

- Provides potent skin-renewing and antioxidant effects
- Protects against negative external factors
- Improves the appearance of damaged skin
- Stimulates collagen and elastin synthesis
- Enhances fibroblast growth

**TOTAL RECOVERY GEL**

50 ml airless tube

Repairing, moisturising and soothing gel with aloe vera.

- Gel rich in Aloe Vera
- Accelerates the regeneration of irritated and damaged skin
- Recommended for treating sensitive and oily skin
- Enhances fibroblast growth

**ANTI-POLLUTION AMPOULE**

15 ampoules x 2 ml

Topical ampoule for intensive daily care that enhances the skin's protective mechanisms against environmental damage and free radicals.

- Strong antioxidant effect
- Improves erythema and reduces skin spots
- Moisturises, protects and blurs wrinkles

**ANTI-POLLUTION TOTAL DEFENSE CREAM**

50 ml airless tube

Intensive daily care cream that protects the skin from daily environmental aggressions responsible for premature ageing.

- Protects against UVA and UVB rays
- Protects against blue and IR light
- Protects against free radicals
- Protects against environmental damage
- Prevents the adherence of particles
- Prevents the appearance of wrinkles and dark spots
- Improves skin hydration

**SUN PROTECTION CREAM**

50 ml tube

Cream with high SPF+50 sun protection.

- Intensive and complete photoprotection against UVB rays
- Maintains the skin's hydration levels

**Contains**

- Acetyl dipeptide-3
- Aminohexanoate
- Diaminopropionic tripeptide-33
- Acetyl hexapeptide-46
- Allantoin
- Tocopherol
- Betaine
- Bisabolol
- Resveratrol

Contains

- Aloe vera
- Collagen
- Plant tightening agent
- Hydrolysed soy protein
- Shea butter
- Mimosa tenuiflora extract
- Elastin

Contains

- Hyaluronic acid
- Saccharide isomerate
- Glutathione
- Hydrprotective complex (HPC)
- Vitamins A, B3, C and E

Contains

- Acetyl Hexapeptide-51 amide
- *Lactococcus lactis* lysate
- *Althaea officinalis* extract
- Shea butter
- *Caesalpinia spinosa* extract
- *Helianthus annuus* extract
- Vitamin E
- UVA and UVB filters

Contains

- UVB filters
- Shea butter

BODY CARE

Designed to keep the body
toned, firm and defined.

SOOTHING
BODY PEEL

100 ml spray

Double action body peel.

- Gently exfoliates
- Soothes and calms the skin

SILHOUETTE
GEL

200 ml tube

A light and fresh body gel that helps sculpt the silhouette.

- Helps to reduce fat accumulation
- Reduces and prevents fluid retention
- Eliminates the waste from lipolysis and tones the skin
- Improves collagen synthesis in the skin tissue

FIRMING
GEL

200 ml tube

Refreshing and toning body gel that helps combat flaccidity.

- Improves elasticity and combats flaccidity
- Has a powerful moisturising action that restores the balance of water in the skin

REPARING
GEL

200 ml tube

Light gel with a smooth texture and regenerative properties.

- Stimulates elasticity and blood flow
- Renews the skin's connective tissue
- Provides a comprehensive repairing effect

RADIANCE INTIMATE
CREAM

30 ml airless tube

Daily-use cream with brightening and rejuvenating action for the intimate area.

- Contains two state-of-the-art compounds: a brightening complex with a multifocal action and a regenerating and rejuvenating complex with growth factors

Contains

- 5-NAF complex
- Glycolic acid
- Lactic acid
- Salicylic acid
- α-Bisabolol
- Chamomile extract

Contains

- *Fucus vesiculosus* extract
- Centella asiatica extract
- Caffeine
- *Aesculus hippocastanum* extract
- *Equisetum arvense* extract
- Glycosaminoglycans

Contains

- *Borago officinalis*
- Natural moisturising factor
- Collagen
- Elastin
- Plant tightening agent
- Glycosaminoglycans
- Allantoin

Contains

- Wheat germ oil
- Centella asiatica extract
- Collagen
- Elastin
- Vitamin C

Contains

- Phytic acid
- Azeloglycine, Bisabolol
- Hyaluronic acid
- Growth factors
- Amino acids
- Rosehip oil
- Allantoin
- Collagen
- DMAE
- Vitamins B3, B9, C and E
- Elastin

NUTRACEUTICALS

TOSKANI nutraceuticals are designed to **improve health beyond simple nutrition**. They're made with natural draining and lipolytic substances to visibly reduce the body's silhouette.

ARTICHOKE PLUS

14 vials x 10 ml

Dietary supplement with purifying and detoxifying properties.

- Fluid retention
- Improves purifying processes and soothes the sensation of swelling
- Helps to reduce cholesterol levels
